KAMARAJUGADDA H V N S ABHIRAM

Haaseth | Haaseth Abhiram K | abhiram.kamarajugadda4@gmail.com | 9390783166

Objective

Final-year Computer Science Engineering student with strong skills in Java, SQL, and Object-Oriented Programming.Experience in developing Java applications and implementing data structures and algorithms. Passionate about building efficient software solutions and continuously learning new technologies.

Education

B.Tech (CSE) - SRM University AP 2022 - Present

Internships

EDUNET FOUNDATION May 2024 - Aug 2024

I analyzed data from used cars to understand what factors affect their prices and built models to predict those prices. I also created visual reports like charts and graphs to highlight trends and support better decision-making based on the data.

Salesforce Trailhead – Data Cloud Training Jul 2025 – Nov 2025

I'm learning Salesforce Data Cloud through Trailhead, gaining practical experience in collecting, organizing, and connecting data in real time. I've also learned how businesses use this data to better understand customers and deliver personalized experiences.

Projects

Resume Analyzer (AI-powered Web Application) 2025

Developed a web app that extracts key resume data and matches skills to job requirements using React.js, and backend Python and database we used Firebase. Enhanced recruiter efficiency by providing actionable insights based on data analysis.

Expense Tracker (Java Console Application) 2026

Developed a console-based Expense Tracker application using Java and Object-Oriented Programming (OOP). Implemented features to add, view, search, delete, and calculate expenses through a menu-driven interface. Utilized ArrayList for dynamic data storage for user interaction while applying core Java concepts..

Certifications

Certified Coursera — Amazon Web Services AWS Fundamentals Specialization, 2024

Skills

Programming Languages:	Java, C, C++, SQL
Java Concepts:	OOP, Collections, Framework, Exception Handling, Multithreading
Core Subjects:	DSA, DBMS, Operating Systems
Web Technologies:	HTML, CSS, JavaScript
